Good afternoon everybody! It's my honor to speak here and I am very glad to share my topic with all of you. Today I'd like to talk about "my dream". I do not just have one dream, in fact, I have three. They are: a healthy life, a happy family and to travel my great country.

I have always admired the long healthy life my grandparents have. They are older than 80 years of age and they are still alive and kicking!

How do they do that? My grandparents plant vegetables and grow nice themselves; even in their old age they still make food for themselves! More importantly they remain happy and never ask for too much from life

Perhaps that makes them common, but they live a happy life. I want to live a long, healthy and happy life just as they have.

试题:

1. What dreams does the speaker have?
2. Why do the speaker's grandparents have the long healthy life?

答案:

1. A healthy life, a happy family and to travel her great country.
2. Because they remain happy and never ask for too much from life.
